

## Privacy Listings

If you would prefer not to have your name listed in the phone book, you have two choices:

1. **Non-Listed:** Your name and number will not be available in the phone directory *but* will be available from directory assistance 1+411 (\$0.50/month).
2. **Non-Published:** Your name and number will not be available in either the phone directory or directory assistance (\$0.50/month).

For health and safety purposes, your non-published or non-listed information may be released when you call 911 or other emergency service providers. A privacy listing only affects your listing in the telephone directory and directory assistance services.

\*\* NOTE: Caller ID service requires a feature be added to your landline to block your phone number from being released. Without this feature, when you place a call your name will not be released but your non-listed or non-published number will appear on a Caller ID screen. Below we have outlined two features that can assist you in blocking your name and number.

**Calling ID Presentation Blocking (per line)** - Provides a permanent block of your name and number on outgoing calls. This service can be turned off per call by first dialing \*68. Upon completion of the call, call blocking per line is reactivated (\$3.00 per month residential/business).

**Calling ID Presentation Blocking (per call)** - Dialing \*67 before placing a call provides a temporary, per call, block of your name and number information (*no charge*).

If you have any questions regarding this information or would like to add these, or any other calling features, please contact our office at 319-626-2211.
