South Slope began in Norway, Iowa over 60 years ago where the love and tradition of baseball runs deep. We were proud to have two employees, and former Norway High School baseball players, Brian Frese and Jason Urell, compete on the 45+ Norway Perfect Game team in the MSBL/MABL National Kickoff Classic last month in Vegas. The team made it all the way to the semifinals!

"It was great meeting players from other areas of the country that share the love of baseball. It was an amazing experience," said Brian.

"The overall excitement of getting back on the ballfield and competing alongside the guys that made up our team made this an unbelievable experience for me," said Jason.

## 811: CALL BEFORE YOU DIG

Remember to always call Iowa One Call as you are plotting out your tree planting, landscaping, or even a new deck, fence, or play area. Before engaging in any type of digging or excavating, it is required by law to contact Iowa One Call at [1-800-292-8989](tel:1-800-292-8989) or **811** at least 48 hours in advance (excluding weekends and legal holidays). Utility locate requests are sent to all involved utilities, such as South Slope, to mark the underground utility locations with flags and paint markings. Please visit [iowaonecall.com](https://iowaonecall.com) for more information.

This procedure is important so you know which areas to avoid when digging. This process eliminates the risk of service disruptions and personal injury as well as considerable fines and penalties.

Each utility type is represented by a different color flag:
